OCTOBER 2026

Find the right phone

A simple way to choose equipment for your business

01 Choose a style

Start with everyday desk phones, reception phones, touchscreens, cordless phones or meeting room phones.

02 Mark your choices

Tick Select and enter a quantity. For a family with several models, write your preferred exact model on the quote-request page.

03 Send your request

Save the completed PDF and email it to support@willtech.us. You can also send us the model names or catalog codes and quantities.

Browse by the way you work

Everyday office calling 3

Office and reception desks 4

Color and touchscreen choices 5

Wireless and cordless choices 6

More business desk choices 7

Cisco and meeting room choices 8

Additional models | pages 9-23

Your quote request | page 24

Need help deciding? Tell us how many users you have, where the phones will be used, and whether you prefer wired, Wi-Fi or cordless equipment.

Prices, availability, equipment condition, accessories and service compatibility are confirmed in your WillTech quote. Photos show the identified model; variants may look different. Some additional models are earlier generations.

PoE means power through the network cable with compatible network equipment. Ask us about a power adapter if you need one.

Everyday office calling

Select a model family and quantity. Exact model and price are confirmed in your quote.
